Under this test program, contracting officers may use any simplified acquisition procedure in this part, subject to any specific dollar limitation applicable to the particular procedure. The purpose of this test program is to vest contracting officers with additional procedural discretion and flexibility, so that commercial item acquisitions in this dollar range may be solicited, offered, evaluated, and awarded in a simplified manner that maximizes efficiency and economy and minimizes burden and administrative costs for both the Government and industry (10 U.S.C. 2304(g) and 2305 and 41 U.S.C. 253(g) and 253a and 253b).

(b) For the period of this test, contracting activities must employ the simplified procedures authorized by the test to the maximum extent practicable.

(c) When acquiring commercial items using the procedures in this part, the requirements of part 12 apply subject to the order of precedence provided at 12.102(c). This includes use of the provisions and clauses in subpart 12.3.

(d) The authority to issue solicitations under this subpart expires on January 1, 2008. Contracting officers may award contracts after the expiration of this authority for solicitations issued before the expiration of the authority.

(e) Under 41 U.S.C. 428a, the simplified acquisition procedures authorized by this test program may be used for acquisitions that do not exceed \$11 million when—

(1) The acquisition is for commercial items that, as determined by the head of the agency, are to be used in support of a contingency operation or to facilitate the defense against or recovery from nuclear, biological, chemical, or radiological attack; or

(2) The acquisition will be treated as an acquisition of commercial items in accordance with 12.102(f)(1).
